On the slopes of Oregon's Mount Hood a new race of hardy garden lilies has been raised — sturdy, vigorous plants of hybrid origin that will astonish you with their beauty and their dependability.

Cooley's Gardens is proud to make this premier offering of the complete list of Jan de Graaff's new hybrid lilies, winners of innumerable cups, medals and awards at leading horticultural shows here and abroad.

All bulbs offered by us are grown under the personal supervision of Mr. Jan de Graaff, well-known hybridizer and grower. They will be shipped in time for fall planting. The plump, mature, Oregon-grown stock, shipped with full root-system attached, will give complete satisfaction.

Give your garden a treat with a planting of these beautiful lilies. You will be the envy of all your friends and neighbors.

They provide the perfect complement to our irises, their vibrant colors will be the highlight of your garden for years to come. Hardy, vigorous, perfect in form and color they will be a revelation to all who see them.

TIME OF SHIPMENTS AND TERMS

WE GUARANTEE all plants to be true to name, top-quality, free from insect pests and disease, and to reach you in a live and healthy condition. If for any reason you are not completely satisfied, please notify us promptly.

LILIES will be shipped beginning October 1 and continuing through November. Earliest shipments will go to those who simply MUST have the plants early, but it is obviously impossible for us to deliver thousands of orders at the outset. We will ship constantly in the sequence as received. Your success is assured if planted any time during this

period, but early ordering is advisable to avoid stock being sold short.

TRANSPORTATION is by prepaid parcel post or express, whichever we deem most expedient. Be sure to state your express office if different from postal address.

TERMS are cash with the order, either check, draft or money order. We do not advise enclosure of currency with your order. No C.O.D. shipments — this adds to cost and involves red tape for you and for us.

All deGraaff lily bulbs are grown under ideal conditions for developing hardy, disease resistant strains and varieties. They are carefully packed with full root system intact and will arrive at the proper time for planting. (See instructions on folder).
